

633 Compact Fogger

MODEL # LAVO 950001-B

OVERVIEW

The 633 Compact Fogger is a damp mist sprayer that uses compressed air (3.7 CFM @ 80 PSI) and venturi action to draw ready-to-use chemical solution from the attached bottle and project it up to 15 feet. The adjustable output can wet surfaces at close range or spray mist (fog) into the air to cover exposed surfaces and penetrate hard-to-reach areas.

Key Features

- Portable hose-end fogger makes it easy to fog hard-to-reach areas or where fixed location foggers are impractical
- Easy to use! Just fill the bottle, connect compressed air, and press the thumb gun activator
- Atomizes and sprays chemical solutions using only compressed air
- Venturi action draws pre-diluted chemical from the attached bottle
- Projects up to 15'
- Damp fog (mist) fills the air and covers exposed surfaces with chemical, including hard-to-reach areas
- Fog/mist can be adjusted: Included metering tips can reduce chemical usage for "drier" output; or an optional needle valve can reduce air flow for "wetter" output.
- Lightweight 32 oz bottle reduces wrist and arm fatigue as well as the risk of repetitive strain injuries
- Chemical resistant components ensure durability and years of outstanding performance
- Lid color options help identify equipment to enhance safety (*blue standard - red, yellow, or green optional*)
- Available with lower projection distance and compressed air volume requirement (#950000-B)

Includes

- Thumb gun
- Machined polypropylene fogger body
- Metering tip holder
- 10 color-coded precision metering tips
- 32 oz wide-mouth, polyethylene bottle

OPTIONS

Stainless Steel Hose Racks

Large Stainless Steel Hose Rack	# 224150
Small Stainless Steel Hose Rack	# 224145

Proportioning / Filling Options

1-Way Ball Valve Mixing Station (4 GPM)	# 985100
1-Way Push Lever Mixing Station (4 GPM)	# 981100

Additional Bottles

Bottle, 32oz (Includes Solid Lid)	# 709082
-----------------------------------	----------

Air Compressor

Makita® MAC700 (120V, 3.8 CFM @ 40 PSI)	# 710502
---	----------

To Regulate Incoming Airflow

Needle Valve, NPB, 1/4" FM	# 660797
----------------------------	----------

APPLICATIONS

- Sanitizers
- Insecticides
- Agriculture/Horticulture
- Animal Health
- Vehicle Wash
- Dairy
- Food & Beverage
- Hatchery
- Industrial
- Janitorial/Sanitation
- Military
- Odor Control
- Pharm/Bio

REQUIREMENTS

Ready-to-Use Chemical Solution

Compressed Air up to 3.7 CFM @ 80 PSI
 Minimum Air Supply Line 3/8"
